

ROUND THE TICKET

Cotton.

London dispatch says an emergency bill giving government wartime powers will be introduced in parliament Monday. Bill will be drafted to meet present strike and will give power to ration and control all sources.

Dry goods reports are more encouraging. New York stating that more business is being done on certain lines which have been drastically reduced in price.

Liverpool cables: Heavy buying by Manchester and general buying on more favorable outlook created by Premier Lloyd George's statement of resumption of conference with miners' executive. Improved spot demand.

New Orleans.—Houston wires: Heavy rains in this section and understanding big people are securing the country for spots and finding nothing for sale. Shepard & Gluck.

New York.—West covering: Eccles cables heavy buying anticipating settlement strike, no fresh news.—Hubbard to Reese.

Montgomery, Ala. wires: Considerable inquiry from Europeans but holders in eastern belt not offering; this makes business difficult. Montalk mills of this city have good inquiry for goods for forward shipment and made some sales.

Dallas, Tex. wires: Twelve hundred Texas bankers passed resolution here today to force reduction in acreage of 50 per cent and to refuse to pay for picking low grades this year.

New York.—Short interest probably larger than we estimate. If spinners follow advance will steady around these prices.—Hubbard.

New York.—Liverpool cables heavy Manchester buying on prospects resumption conference with miners; improved spot demand.—Cleveland to Turner & Reid.

New York.—Liverpool has been a tremendous buyer this morning, about 75,000 bales December, January, March; South sold.—Sanders to Clark & Co.

New York.—Liverpool buying distant deliveries; while no positive advice about strike negotiations are evidently at work Manchester reported large buyer; doubt if this extreme advance holds.—Hubbard to Reese.

New Orleans.—Spot man says: Just sold 200 bales f. o. b. cotton at 5c better than same lot was offered yesterday.—F. & B.

New York.—Liverpool bought between 60,000 and 75,000 bales this morning. The continent are large buyers.—F. & B.

Fall River, Mass.—Employees of Massachusetts Manufacturing have offered to accept 25 per cent reduction in wages rather than permit plant to shut down owing to high manufacturing costs.—F. & B. to W. & W.

New Orleans.—Understand that upon inquiry of Atlanta Federal reserve local branch has advised today that cotton factors' paper for sale will be discounted, provided factor made affidavit that he was not borrowing more than he had advanced; that loan was purely for commercial purposes. If this reflects Washington's decision, expect higher markets.—Ellis & Co.

New Orleans.—Temple, Texas: Good inquiry for spots last night; nothing for sale. Greenville, Miss.: Good mill demand.—Beer to McFall.

New Orleans.—Reported United States government has decided to get out of the price-fixing business and to permit supply and demand to rule. All price-fixing committees have been disbanded.—Beer to McFall.

Manchester official cable: Cloth active and firm; more cheerful feeling in yarns.

New Orleans.—Sulphur Springs, Tex. wires: A decided holding movement has developed in North Texas and the strength of the future markets of yesterday and today is encouraging the farmers very materially and we doubt if much cotton will be marketed in the interior under 20 cents basis.—S. & G.

New Orleans.—The market is doing better on persistent reports of a better demand for the low grades. Points in the central belt claim the best demand for low grades in a long time.—S. & G.

New York.—Kieffer is a good buyer; supported for Jan interests.—F. & B. to Wells & Gustafson.

Grain.

Chicago.—About 2,000,000 bushels, mostly Manitoba and gulf wheat, worked for export yesterday.

Argentina shipments: Argentina ships 5,464,000 corn, wheat 215,000; oats, none.—Wild to Shepard & Gluck.

Chicago.—Emporia, Kas. wires: Thompson and McKim Country offerings of wheat largest on crop. Every mail brings consignments. Looks like farmers' agreement is a failure.

Minneapolis.—Stocks for six days show the following changes: Wheat, increase, 975,000, last year, 450,000; increase, 520,000 vs. decrease, 30,000.

London.—Good rains reported in Argentina. It is stated that J. Rand, limited, is acquiring large interests in Buenos Aires and other Argentine grain elevators.

Chicago.—Liquidation in all grain with only slight rallies continues. Enormous crops of coarse grain with only a domestic demand and less animals to feed has completely killed the buying power. Rallies should be looked for, but can see no reason for higher prices at present.—O'Brien to McFall.

Chicago.—Losses in premiums of five to eight cents in cash wheat and one to two cents in cash corn tell more potently than words the slowing down of demand. Until confidence of buyers is revived, all rallies will be feeble. The weakness and the decline in wheat recall the action of the corn farmer who flooded markets with reserves after a severe decline.—T. & J.

Grain belt forecast: Showers and cooler weather over practically all of the grain belt.

Kansas City.—Message from Emporia, Kas., reports country offerings wheat largest on the crop.

Chicago.—Lewis & Co., Minneapolis, wires: "That the agricultural districts are receiving just treatment in the matter of loans in the Northwest is shown by banking statement issued yesterday by seven principal Minneapolis banks, which shows their deposits to be \$30,000,000 less than they were a year ago, and loans \$24,000,000 greater. One prominent banker said: 'We will not crowd for payment until it freezes and farm work is checked.'"—C. C. & Co. to McFall.

Chicago.—Modern Miller says: "Rain would be beneficial over considerable territory in the winter wheat belt. Complaints of dry have been increasing. Although in the last few days good showers have brought relief to a southwestern district. In some sections wheat is well above the ground and looking fine and stock has been turned into the fields. Western farmers talk of reducing acreage because of unsatisfactory prices.—Clement to McFall.

New York wires: "Export demand for wheat showing considerable improvement. Swiss government credit-aid with taking a million bushels of Manitoba's overnight and a good demand is in evidence this morning. It is believed to be for Belgium."

Bradstreet's export this week: Wheat and flour this week 7,240,000; corn 515,600.

Baltimore.—The Pennsylvania railway today placed an embargo on all grains for export effective at once.

Stocks.

New York.—Gist of Gary's speech is that steel men should endeavor to secure a general equitable, orderly and methodical reduction in prices of commodities and services.—Hemley to Shepard & Gluck.

New York.—Judge Gary, speaking today, said: "Business skies are practically without clouds. Nothing in atmosphere to indicate approach of dangerous storms. If there should be a serious reaction and depression, which now seems improbable, it will be the fault of those who are connected with business operations, or others who by reason of official positions improperly interfere, not because of any fundamental deficiency in our resources and opportunities."

New York.—International Paper in fairly good position but looks like boom in paper is about over.—Ettelson.

New York.—The American Tobacco Co. guarantees their products in case of falling prices.

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter If Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to stop into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonsful with four teaspoonsful of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you can not feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.
